

With TheraTogs, your therapy stays with the client outside of therapy sessions to extend the life of your clinical efforts

Our Certified Theratogs Fitter Certification (CTF) Courses will help you gain expertise in designing the garments to optimize your client's treatment. TheraTogs are an adjunct, carry-over modality that supports your clinical efforts in-between therapy sessions and can provide up to 50 hours of therapy a week.

Benefits of TheraTogs Certified Fitter Certification

Learn What You Don't Know about the importance of pediatric postural alignment and the developmental causes of common gait issues.

Increase Your Confidence in using and recommending TheraTogs with the extended hands-on practice you get in each half-day lab.

Improve Your Families' Compliance when you are more confident in your use of TheraTogs, it is easier to teach the caretaker and improve the family's confidence and compliance in using the system.

Help New Clients Find You when they're interested in TheraTogs. Caretakers and clinicians often ask the staff at TheraTogs, Inc. to find clinicians who understand and use TheraTogs in their practice. Certified TheraTogs Fitters are included in a database that is posted on our website under **Find a Certified TheraTogs Fitter**

Earn CEUs for Your License Renewal – all Certified Fitter courses are approved for CEUs by the Federation of State Boards of Physical Therapy, or otherwise offer state-specific CEUs for physical therapists and orthotists.

Contribute to New Products by participating in occasional field trials of new TheraTogs designs and materials.

Coming Soon: Personal access to our password-protected Clinician Center website, where you can access how-to videos, technical and research updates, online conversations with Clinical Support and your fellow clinicians... and much more!

How to Get Certified

We offer two continuing education courses with optional Certified TheraTogs Fitter for PT's, OT's, and Orthotists.

Posture & Torso Alignment in Pediatric Orthopedic Development (Certified TheraTogs Fitter Level I)

Pediatric In-Toeing & Out-Toeing Management for Neuromotor Training (Certified TheraTogs Fitter Level II)

Host or Sponsor a course in your area with many benefits for your business:

- Build relationships with local clinicians
- Train your whole staff cost-effectively and help them fulfill professional recertification requirements.
- Free marketing for your event through eblasts, social media posts, and on our website
- Professional recruiting tool – make your business known as the source for world-class, relevant continuing education
